2^d April 02

In continuation of my D.O letter dated
ultimo I herewith submit for the information
of the Dewan an explanatory statement showing
the balance of loan amount due to the Palace from
Mr Bakshi Basappaaji as at the end of February
02 together with the amount of collections from
the Tarigalale Gram villages which stand at
his credit

It will be observed from the statement that
Rs 4911-12-5 was due to the Palace on 24th February 00
as per Palace Comptroller's order No 116 dated
24th February 00. Subsequently a sum of Rs 1183-7-11
on account of partial collections in the Gram vil-
-lages was remitted to the Palace Comptroller to-
wards part payment of the Palace debt. Deducting
this amount from Rs 4911-12-5 there remains a bal-
ance of Rs 3728-4-6 due from Mr Basappaaji

to the Palace.

As regards the amounts at the credit of Mr. Basappaaji Rao, it is seen from the statement that a sum of Rs 1125-2-5 is his realisations from Pandar for 95-96 and was held in deposit. This has since been brought under Capitalised Deposit and the reason why this item was allowed to Capitalise are being ascertained. There is also a sum of Rs 1473-3-8 viz the collections from the Dham villages excluding expenditure at this credit at the end of February 02. There is thus a total sum of Rs 2598-6-1 which is available for being remitted to the Palace Comptroller towards the Palace debt. Deducting this amount from the balance of debt of Rs 3728-4-6 noted above Mr. Basappaaji Rao will still have to pay to the Palace Rs 1129-14-5. It will thus be seen that as advised to his my telegram dated 23rd ulto: there is at present no amount at the credit of Mr. Basappaaji Rao.

While doing the statement of Mr. A. K. S. and Jaluk for 1899-00 I learned that the accounts

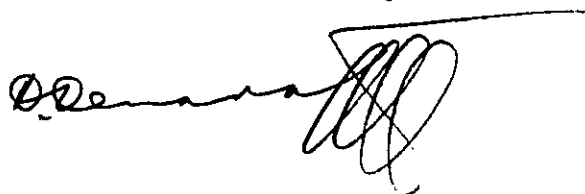

of

of the Tarigalali Shani village here in utter
confusion owing to the dismissed Shambhogue
Sectabamaya not having handed over the vil-
lage accounts. I ordered the Amildar to find
out the exact demand of the villages with
the help of the new Shambhogue and the
available records and vouchers in the
villages and also to strike the correct
balance of previous years steps are being
taken to prepare the accounts and to col-
lect the outstanding amounts as early as
possible. An approximate demand, col-
lection and balance statement up to the
end of February: 02 is herewith submitted
for information. It will be seen from
this that a large sum of Rs 11473-9-6 is
outstanding against the villages. The above
figure includes a sum of Rs 2742-5-"
due from the Masafipaya was himself
being the value of produce of the Batayi
lands.

sums which he has taken away. The net sum to be recovered from the ryots is therefore Rs 8731-4-6. It is yet to be seen how much of this amount is recoverable in as much as the Amildar reports that some of the ryots state that they hold receipts for sums shown against their names.

Orders have been issued to the Amildar to expedite the preparation of the accounts and to collect all possible recoverable balance.

Yours very sincerely

Filer,

I enclose a statement showing the expenditure out of the gross income of the Trisulata Gram villages as requested by you in your letters of 12th and 15th instant. The net annual income after making all deductions comes to 1500 rupees round members. The market value of the five villages is estimated at Rs 25000 which was ascertained by private enquiry from some of the rich merchants at Arkat and who apparently calculate the

profit at 6 P.C. on the outlay. As these are Sarvamangla villages and the same realizations are not included in the gross income I estimate the value at Rs 30000 which can be safely taken as the proper market value.

The Amildar reports that there is an encumbrance of Rs 45825 on the villages as ascertained from the Index Books of the Sub-Registry Office at Arkatgud.

The details are as follows: —

	Name	Amount	Date of loan
1.	Purnshottamachar and Krishnavenialias Sakuntalabai	20,000	19. 6. 1900
2.	Vittal Das and Vishubas	8,000	26. 1. 1900

4.	Sugamma	6900	12. 7. 1900
5	Subbamma	4925	14. 7. 1900

profit at 6 P.C. on the outlay. As these are Sarvamangla villages and the Sarvamangla realizations are not included in the gross income I estimate the value at Rs 30000 which can be safely taken as the proper market value.

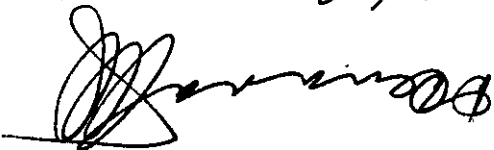

The Amildar reports that there is an encumbrance of Rs 45825 on the villages as ascertained from the Index Books of the Sub-Registry Office at Arkalgud.
